# Common Sense

## About City Directory Circulation

**THE TRUE VALUE** of advertising circulation is circulation  
consulted.

**TO BE EXACT**—by actual survey in Canadian cities—for  
each City Directory, an average of three and one-half  
consultations were made for each business day.

**TO BE CONSERVATIVE** we will eliminate the sixty  
Sundays and Holidays when no tests were made.

**FOR EVERY THOUSAND DIRECTORIES** sold there will  
be an average of three and one-half daily consultations  
for each book for **three hundred and five days**,  
therefore—

$$1000 \times 3\frac{1}{2} \times 305 = \\ 1,067,500$$

**Consultations or  
Circulation Consulted**

## MEMORANDUM

---

# MEMORANDUM

## MEMORANDUM

---

# Business Insurance

**The Classified Section  
of the City Directory  
insures your business  
against the loss of a  
prospective customer  
who finds only your  
competitor listed under  
headings covering  
your business**

**Make  
yourself  
easy to find**

# **Please! Do Not Lend Your CITY DIRECTORY**

## **IT COSTS YOU MONEY Every Time It is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **Directory of Your City.**

**This cost must be absorbed by the subscribers—be they one—or be they 1,000.**

If there was but **One Subscriber** to the **City Directory**—the **One Subscriber** would of necessity have to absorb **The Whole Cost.**

If there were **1,000 Subscribers**—each one would have to absorb **1/1,000 Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers—the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity** there is for the **Borrower** to subscribe for the **Service.**

**More Borrowers** result in **Fewer Subscribers**, which means **Increased Cost.**

**HENDERSON DIRECTORIES LTD.**

PAINT & HARDWARE

**More than  
ninety per cent. of  
all advertising mediums  
are discarded before  
they're a year old**

---

---

After the new ones come out  
your advertisement in the  
directory is still good, for  
old directories are seldom  
discarded while they hold  
together. Years later many  
of these directories will still  
be in active use. Your adver-  
tisement is still in service

**Do you want LONG-LIVED advertising?**

---

---

---

**HENDERSON DIRECTORIES LIMITED**

# **Please! Do Not Lend Your CITY DIRECTORY**

## **IT COSTS YOU MONEY Every Time It is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1,000.

If there was but **One Subscriber** to the City Directory—the **One Subscriber** would of necessity have to absorb **The Whole Cost**.

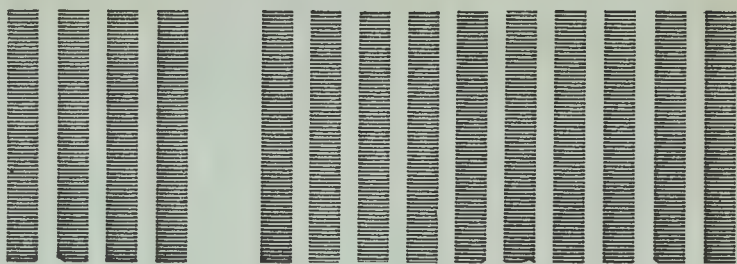

If there were **1,000 Subscribers**—each one would have to absorb **1/1,000 Part of the Whole Cost**.

From which it is obvious that the **Greater** the number of subscribers—the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity** there is for the **Borrower** to subscribe for the **Service**.

**More Borrowers** result in **Fewer Subscribers**, which means **Increased Cost**.

**HENDERSON DIRECTORIES LTD.**

# 4 in 10

Over forty per cent. of  
your customers move  
each year and new  
ones move into your  
district. An advertise-  
ment in the City Direc-  
tory will enable new  
customers in your dis-  
trict to find you.

# **Please! Do Not Lend Your CITY DIRECTORY**

## **IT COSTS YOU MONEY Every Time It is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1,000.

If there was but One Subscriber to the City Directory—the One Subscriber would of necessity have to absorb The Whole Cost.

If there were 1,000 Subscribers—each one would have to absorb 1/1,000 Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers—the Lesser the cost to each.

Every time you loan your City Directory the Less Necessity there is for the Borrower to subscribe for the Service.

More Borrowers result in Fewer Subscribers, which means Increased Cost.
